#### 4) Regarding our health services, are there any other speakers or topics you would like to hear about

- I want to know what private companies are delivering services, their profits, their performance measured against that provided by the NHS
- More about future plans of CCG
- Keep Our NHS Public. When, or are we going to have a new hospital? More about mental health & dementia
- NO
- Ongoing info re CCG and the strategy for Primary Care
- I would like to hear if there are any plans to build a new hospital here, or just refurbish
- How much of budget spent on admin & committees, compared with actual care
- How to voice concerns over the privatization of the NHS
- What is going to happen to our hospital at St Peter's
- How to increase no of GPs and distribute Maldon ones better?
- Health Minister
- Dr Reynolds again
- Children's and adolescent's mental health. News of what is to be done about refurbishment/enlargement of St Peter's Hospital or building of new alternative
- GPs point of view?
- More detail from all. Actual details of how things will work
- A Hospital for Maldon
- Reinstatement of a functional hospital in Maldon
- Local community hospital, growing population, how will our local services cope
- More about how NHS will cope with large increase in population in Maldon
- Need specific information about NHS in Maldon, structure here? Services here? The future here?
- Local walk-in centres? Access to GPs Mon to Sun from 7 - 10pm. Use of pharmacy for med reviews
- What prevention measures are available to keep well? Support facilities to maintain good health are underfunded at present
- Ways to take responsibility for personal health. Ways to improve patient participation.
- Would like to hear about long term illnesses
- More on mental health. More on voluntary sector involvement with service delivery
- Access to GP services esp. appointments with doctor of 1<sup>st</sup>/2<sup>nd</sup>/3<sup>rd</sup> choice
- A & E Ambulance service
- GP Services + hospital outpatient services e.g. physiotherapy, eyes/ears/throat
- Dr Lucy Reynolds
- More on Mental Health
- Opinions from the hospital, nursing staff, GPs. None from management staff

## 5) Any other comments or suggestions about the evening?

- There was not much time for questions and questions should be brief, not just comment on specifics. Love to hear more from GPs, their work and difficulties. Could we have Dr Lucy Reynolds back?  
Thank you for organizing this very interesting evening and to all those who worked so hard to make it happen.
- A very enlightening discourse which has revealed much disquiet about the slow break-up of the NHS by stealth
- Larger Hall, more time for discussion & questions. Perhaps fewer speakers and more focus
- KNOP - very interesting
- KNOP was politically motivated. The speaker gave a left wing speech without providing any evidence to support her case A complete waste of time & effort
- I found some of the speeches too political in nature, especially the last speaker. I would say some comments border on slander
- It would be useful to have GPs from all the local Practices. Tonight was supposed to be hosted by Longfield & Blackwater, but there has not been anyone [GP] here. Not enough time to cover speakers & questions. Refreshments not necessary
- Would be good to hear speakers at the back. Not too good hearing
- I notice it was only people of a certain age. Need to involve younger people - but how?
- Good to hear voices opposed to the privatization of the NHS, especially from KNOP
- Break for refreshments in two hours is not needed
- Another meeting for ACTION (re Lucy)
- Found last speaker? Unpleasant, aggressive and unconstructive. Shouting on her soap box
- Especially enjoyed keep our NHS Public input. Would like more of this please
- Organise a campaign group to resist privatization
- V interesting. More
- It would be good to know how people can best help. The issues seem fairly urgent
- If possible, start on time
- Very interesting, but will it work?
- Start on time. Have speakers and their kit ready. Suggest Daniel stops using work email to follow cricket - at least when he is displaying to the public. CCG might be more efficient if work took priority!!!
- There is a need to involve & attract younger people to this type of meeting. Need for more advertisement rather than flyers in GP surgery and word of mouth
- Time constraints made it difficult to make the most of. Need to know how we can make a positive effort to change
- More meetings about mental health issues. The last speakers strident attitude spoilt an otherwise v good evening. Too political!
- A better venue, with more time
- Venue & time too restricted - thanks for tea & biscuits though
- Need reliable feedback on an ongoing basis

5) continued.../

- Harsh delivery of the last speaker sadly spoilt an unbelievable good knowledge base - and made it hard to listen to
- Could be longer to enable more people to voice concerns & questions
- Not enough time - it needs to have some leeway built in and start on time
- Not enough time. KNOP politically motivated & not appropriate for this forum - We should be pushing to improve what we have
- Much more time needed for Q & A. Caroline Dollery was excellent. Spoke of what happens here. Lisa Harrod Rothwell & Caroline Dollery inspiring & positive, regarding the new situation as an opportunity, especially in Mental Health
- More on Mental Health please! Can time be given for more questions
- Choice of venue could be bigger
- Refreshment break is a waste of time. Your man didn't show the Dengie hundred!. Well done, good evening
- Don't bother about refreshment break
- More time and larger venue
- Really interesting, but needs to be longer
- Well organised and great participation, well done.
- Room very warm. Less speakers, more focus. No need for political agenda in this forum, just an angry rant
- Engagement of younger people. Most people > 50. Reaching the community. I only attended due to invitation from a neighbour - probably wouldn't have otherwise
- Well attended. Bigger venue
- Could we have an evening with Dr Lucy Reynolds alone. She was inspiring
- The speakers needed more time for their presentations
- A well managed informative meeting. Many thanks
- No need for tea break, as only 2 hrs. look forward to another meeting with Lucy Reynolds
- More information of the role of voluntary services and their place in the new NHS. Room too warm and over crowded

END
